Proceedings of the Government of His Highness the Maharaja of Mysore (General), — dated 13th January 1891.

Read the following papers;—

From the Deputy Commissioner, Hassan District, To the Chief Secretary to the Government of Mysore, No. 351, dated Hassan, 2nd October 1890.

I have the honor to forward herewith for information of the Dewan a file of Vernacular papers ending with Police Assistant Commissioner's Yadi No. 2660, dated 6th Sep. 1890, on the subject of form of communication between himself and the Amildar. The Police Assistant Commissioner explains that a dropping Hakums is in accordance with the Circular No. 2618-134, dated 21st March '887, of Inspector General of Police. I submit copy of it.

No. 11640-315, dated 13th January 1891.

Order. — The Dewan's time is too valuable to.

correspondence for finding out the precise point on which a District Officer asks for the orders of Government. A glance over the file in this case shows that the correspondents are the Officiating Police Assistant Commissioner and the Officiating Deputy Amildar. There is no Amildar in the case as made out in the Deputy Commissioner's letter.

2. In laying subjects before the Government, Deputy Commissioners should, as far as possible, make the subjects complete and ready for immediate decision. Where reference must be made to other Officers (as to the Inspector General of Police in this case), this reference should be made by Deputy Commissioner before sending up the case. The letters should be complete in themselves and independent of enclosures, if these can conveniently be avoided. Enclosures may be forwarded, but merely for possible reference.

3. In accordance with these instructions the

the Deputy Commissioner will be good enough, in the case under reference, to place himself in communication with the Inspector General of Police in the first instance, and then if necessary, address Government stating clearly, the form of correspondence adopted, the occasion on which it was adopted, the objections taken to it, the reasons adduced in support of it, the form which is suggested by the objector, the respect in which the standing orders do not cover the individual case which has arisen, and the Deputy Commissioner's own views and recommendations.
